

# WORKSTREAM BULLETIN

**Notes from:** GLP Workstream Call

**Date:** 22<sup>nd</sup> March 2018

**Key Discussion Points:**

- Site Sustainability Plan
  - GLP Sustainability Workshop
    - IVCC/i2i identifying contractors to deliver business management support to sites
    - Sustainability of funding not necessarily an issue for Asian sites
    - A mechanism needs to be explored for sites who previously conducted studies sponsored by WHOPES to enable them to contract direct with industry sponsors
- Best Practice SOP's Update
  - Phase II IRS SOPs complete
    - Expert group required to settle issues not resolved during the review
  - Space Spray and Larvicides
    - Work still underway
- Update on progress of sites towards GLP certification
  - Africa
    - Timelines for submission of GLP applications remain unchanged
  - Asia & Americas
    - Four Asian trial sites will submit applications for GLP certification in 2018
    - Singapore GLP monitoring authority may be able to certify China CDC site.
